## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

The Mission of Pivot Charter Schools is to instruct students in grades 6-12 through a rigorous online educational platform supported by site based class offerings and individualized attention. The unique educational program coupled with flexible scheduling and a caring environment provides students the skills, confidence and motivation to lead a successful and productive life in the 21st century.

Pivot Charter School offers a unique and customized tuition-free public education for students in grades 6-12. Our program allows students to access their courses from the comfort of their own home or from our safe and welcoming resource centers; Pivot is truly a Blended Learning Program. Students at Pivot Charter Schools come from a wide range of backgrounds. They come for advanced placement courses, flexibility in scheduling, one-on-one attention, small group learning, to make up credits and to graduate early as well as to take college courses. The diversity of our student body is one of the things that makes the Pivot experience unique.

Pivot Charter Schools recognize that students working online and in independent study must have a significant level of independence or support at home in order to be successful. And not all students have that self-motivation, support or independence. Therefore, Pivot has developed onsite programs and an online workshop schedule to support those students in meeting their educational goals using the online curriculum. Students can participate in electives such as learning lab, music, journalism, science lab, Spanish, and PE at most sites. Every campus offers regular Fun Fridays and field trips.

PIVOT CHARTER SCHOOLS IS FOUNDED IN THE FOLLOWING CORE BELIEFS:

- Successful schools are student centered, not adult centered.
- When focus on changing students' lives, one can't go wrong.
- A teacher's role is to have frequent, supportive yet motivating communication with students.
- Students' academic performance is greater when they have the influence of a positive adult in their lives.
- Schools must show how much they care about students.
- Educators should have warrior spirit, a servant's heart, and a fun loving attitude in serving students.
- Education needs to provide more options, not less.
- The goal is that students learn; how we get there should be as unique as every student.
- Technology is our friend and should play a crucial role in educating students.

## About this School

### 2020-21 Student Enrollment by Grade Level

Grade Level	Number of Students
Grade 6	5
Grade 7	10
Grade 8	7
Grade 9	28
Grade 10	20
Grade 11	20
Grade 12	28
Total Enrollment	118

### 2020-21 Student Enrollment by Student Group

Student Group	Percent of Total Enrollment
Asian	0.8
Black or African American	1.7
Filipino	0.8
Hispanic or Latino	16.9

Students with Disabilities	25.4

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	
<b>Intern Credential Holders Properly Assigned</b>	
<b>Teachers Without Credentials and Misassignments (“ineffective” under ESSA)</b>	
<b>Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)</b>	
<b>Unknown</b>	
<b>Total Teaching Positions</b>	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2019-20
<b>Permits and Waivers</b>	
<b>Misassignments</b>	
<b>Vacant Positions</b>

## 2019-20 Class Assignments

Indicator	2019-20
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Pivot Charter School utilizes online curricula for all core subjects. Each July, Pivot adopts the most updated curriculum for the school year from all curricula providers. There are sufficient materials for all students. Additionally, Pivot Charter Schools uses supplemental curricula, through i-Ready, Exact Path, NWEA Map, and Lexia, to provide students with diagnostic assessments and additional instruction and remediation in Language Arts, Mathematics, and Reading. Core courses are provided by Apex Learning for grade levels 6-12. Students in grades 9-12 also have access to a variety of elective and CTE courses through Edmentum.

## School Facility Conditions and Planned Improvements

Pivot Charter School North Valley II is an independent study charter school and not required to complete the FIT but the facility works with a management company that responds to any repair requests. They also oversee the regular outside grounds maintenance, cleaning services for the bathrooms and common hallway areas shared by all tenants, and quarterly air-duct filter cleaning for the entire building. The Pivot Site Coordinator and Site Administrator have been overseeing repairs and maintenance specific to our tenancy such as changing light bulbs, small repairs, carpet maintenance, and regular biweekly cleaning. All building improvements have been thoroughly inspected and approved by the City of Santa Rosa. Upon doing our own facilities inspection we report the following information: the overall cleanliness of the site is good, there is no indication of pest or vermin infestation, and the doors and windows are all working properly and secure. The staff and students participate in fire drills, earthquake and shooter drills annually. In addition, Pivot Charter Schools is required by the risk management company to conduct a review of the facilities, similar to the FIT, annually.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A
<b>Mathematics</b> (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## 2020-21 Local Assessment Test Results in ELA by Student Group

This table displays Local Assessment test results in ELA by student group for students grades three through eight and grade eleven. LEAs/schools will populate this table for schools in cases where the school administered a local assessment. In cases where the school administered the CAASPP assessment, LEAs/schools will populate this table with "N/A" values in all cells, meaning this table is Not Applicable for this school.

\*At or above the grade-level standard in the context of the local assessment administered.

## 2020-21 Local Assessment Test Results in Math by Student Group

This table displays Local Assessment test results in Math by student group for students grades three through eight and grade eleven. LEAs/schools will populate this table for schools in cases where the school administered a local assessment. In cases where the school administered the CAASPP assessment, LEAs/schools will populate this table with "N/A" values in all cells, meaning this table is Not Applicable for this school.

\*At or above the grade-level standard in the context of the local assessment administered.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Pivot Charter School hosts at least two information nights each year as well as weekly orientations. There are 8-12 community events which are held annually in which parents can participate. Teachers communicate with parents weekly. Parents are encouraged to attend many of the field trips and assist with community events such as barbecues and hikes. Parent satisfaction surveys are distributed each year, the results of which are reviewed and shared with the staff and Board as well as influence our LCAP. Parents may participate in Governing Board meetings throughout the year. They may participate face to face if the meeting is held in their jurisdiction or via video conferencing no matter where the governing Board meeting occurs. Video conferencing is available at the resource centers during Board meetings and assisted by staff or parents can participate live from the comfort of their own homes by downloading the free video conference software.

## C. Engagement

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

## Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	0.00	0.07	0.01	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Pivot Charter School's current school safety plan includes emergency procedures for fire, earthquake and lock down in addition to many other items such as suicide prevention and dealing with airborne pathogens. Additional information is also included regarding student mental health crisis situations. The safety plan details emergency exit plans, emergency gathering locations, building floor plans, emergency contact lists and emergency resource lists. Details of all available emergency equipment including First Aid Kits, Lock down Kit, and Field Trip First Aid Kit. Staff first aid training documentation and emergency drill logs are kept by the site safety monitor. Staff is trained and certified bi-annually in CPR and First Aid Training. Additionally, Pivot has implemented a universal communication system that can be used as emergency communication with families called ParentSquare.

The school safety plan is updated and reviewed with staff annually at the beginning of each school year in September and throughout the school year, as necessary. The last review occurred in January 2022.

## 2020-21 Types of Services Funded

Pivot Charter School provides an independent study program, with online curricula supplemented by site based offerings at the school's resource center. The school offers additional resources and programs to support the needs of socioeconomically disadvantaged youth, foster and homeless youth, English Learners, and students with special needs. In response to COVID-19 these last few years, Pivot has made some programmatic changes to best accommodate students. In March 2020 Pivot closed its resource centers and transitioned to a fully virtual program. For the 2021-22 school year, Pivot opened its resource center to accommodate for a small on-site program while continuing with its robust virtual supports like office hours, workshops, and meetings.

Pivot has always provided computers to students who wish to borrow them from the school. However, due to COVID-19, there has been a large increase in need for Chromebooks and Wi-Fi hotspots to enable all students to successfully engage in Pivot's educational programs remotely and Pivot has been purchasing more of the devices to fill the need.

The majority of school revenues are used to fund instructional programs and to support teachers in customizing Pivot's programs to meet the needs of each individual student. These supports include, but are not limited to: professional development opportunities, resources for implementing content standards, training for our online curriculum systems, guidance through the MTSS process, support in assessing and supporting the mental health of students, training in working with students with disabilities, resources for supporting English Learners, and assistance with behavioral intervention strategies.

A wide variety of curricula and assessment tools are used to tailor Pivot's educational programs to the needs of individual students. All students complete benchmark assessments multiple times per year so that teachers can monitor their progress in core skills. Based on each student's progress as well as the results of assessments and meetings with school personnel, supplemental curricula are implemented to target learning loss and gaps in basic skills, to advance the acquisition of English language skills for English Learners, to provide accommodations and modifications for students with special needs, to support individual educational goals, and to enrich students' educational experiences. Pivot utilizes targeted remediation curricula for English Language Arts and mathematics, provides Career Technical Education pathway options, offers Advanced Placement courses, and encourages concurrent enrollment in community colleges. Pivot also offers to pay for the cost of various exams, such as SAT/ACT/AP exams, for socioeconomically disadvantaged students to promote equal access to higher education options.

Supplemental resource center programs have been an integral part of Pivot's blended learning model. Not all students participate in resource center programs, but it is highly encouraged and is effective in facilitating student and parent engagement. Pivot's resource center is used to provide targeted academic support for students, facilitate unique educational experiences via field trips, provide hands-on project based learning opportunities, provide internet access for students, hold back to school information nights, and establish a strong community among families and school personnel. The school also provides bus passes to socioeconomically disadvantaged students to ensure equal access to resource center programs for all students.

## Professional Development

Pivot Charter School teachers receive five to seven preparation and staff development days before the school year starts. This includes training in the use of the online curriculum and assessment systems by the curriculum training staff, special education, MTSS, and differentiated instruction, along with supporting EL learners. Teachers are trained in serving students in a learning lab environment where students work primarily on computers. Weekly staff meetings are held as well as monthly supportive staff training for new teachers and existing staff that need extra onsite training. Monthly trainings include topics such as supporting students in virtual learning, MTSS, using assessment data to inform instruction and developing educational programs, student goal setting, service learning, teaching writing strategies and comprehension, SBAC test taking strategies, student-led conferences, ELD and end of year close-out. Other opportunities include various workshops and attendance at conferences such as the annual Consortium for Independent Study, Charter Schools Development Center Conference (CSDC), California Charter Schools Association Conference (CCSA), Small School Districts Association Conference, and College Board Forum. Teachers are encouraged to find and attend professional development opportunities covering topics that resonate with their interests and relate to the students with whom they currently work. Recent training and workshops attended by Pivot teachers have covered a wide range of topics such as Trauma Informed Schools, classroom management, behavioral intervention strategies, youth mental health, MTSS, working with emotionally disturbed youth, and fostering positive school communities.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
